A New Way to Communicate with DYC "TEXT US"

Making it easier to communicate, DYC has recently partnered with KENECT to allow us to send and receive texts associated with helping our customers have fun with boats.

You will see "TEXT US" green link on our web page www.dycboat.com. Using it allows you to send quick texts to us on almost any subject. Similarly, we can send you text on boat status, operational questions or other issues we'd like your input on.

Certainly, you can continue to call or send e-mails, we are happy to hear from you by any means. Hopefully this new channel can provide easier communication and improve your 'having fun with boats' experience. ↓

NICOLE AND NICK B.

S/V 'BOB' GETTING PREPPED

Father and Daughter Sailing Adventure 'Whippet' Becomes 'Bob', the "Bug Out Boat"

Boats heal our spirits and build family memories. Nick B. has been involved with boats since he was a young man. His daughter, Nicole B., along with Nick's beloved wife and family have all enjoyed cruising the East Coast and The Bahamas.

In 2020 Nick and Nicole purchased a 1983 Transworld Ketch 41' to begin yet another wonderful adventure. While in the boatyard at NYC, these owners are making preparations and upgrades, including an engine repower by NYC. They plan to explore the Chesapeake Bay and then head south to the Bahamas. As this dynamic father/daughter team get the boat ready, they are learning and having fun together. Nicole just completed her course hours and tests for the 100 Ton U.S.C.G. license and will accumulate hours of operation required as she and Nick cruise.

The boat is currently named 'Whippet', but after much laughter and discussion, father and daughter have decided on the name, 'Bob'...with many word plays used and often calling her the 'Bug Out Boat'. Nicole's husband, Richie, has recently been encouraged to be the third part of 'Bob's crew to help as maintenance backup.

We wish Nick, Nicole and Richie many hours of boating memories ahead. ↓
